

# Russia-America Coin (RAC)

Official Whitepaper

# 1. Abstract

The **Russia-America Coin (RAC)** is a blockchain-based digital currency designed to **foster peace, economic stability, and global cooperation** between nations, with a primary focus on **Russia and the United States**. RAC serves as a **neutral financial instrument**, enabling transparent transactions, funding humanitarian efforts, and driving international economic collaboration. This whitepaper outlines the vision, mission, technology, and roadmap for RAC, demonstrating its potential as a transformative financial tool for diplomacy and economic recovery.

## 2. Introduction

Global conflicts and economic sanctions have hindered cooperation and financial stability between major nations. The **Russia-America Coin (RAC)** is introduced as a **solution to bridge economic divisions**, fostering **trust, transparency, and a neutral financial ecosystem**. Utilizing blockchain technology, RAC ensures **decentralized transactions, financial independence, and borderless economic opportunities**.

### 3. Vision and Mission

RAC aims to create a **global financial ecosystem** that:

- Enables **secure and transparent financial transactions** between individuals, businesses, and governments.
- Funds **humanitarian projects** focused on war-affected areas.
- Enhances **economic stability** by offering a neutral, non-government-controlled currency.
- Encourages **global investment and technological innovation** in the financial sector.
- Reduces reliance on traditional banking systems influenced by politics.

### 4. Technology and Security

RAC is built on a **highly secure and scalable blockchain network**, offering the following key features:

- **Decentralization:** No government has control over RAC transactions.
- **Transparency:** Every transaction is recorded on blockchain ledger.
- **Smart Contracts:** Automating and securing transactions
- **Fast and Secure Transactions:** Enabling global payments within seconds.

## 5. Why Invest in RAC?

### Invest in Peace, Support Economic Growth

When you invest in RAC, you support:

- **Diplomatic solutions** for resolving global conflicts.
- **Economic recovery efforts** in war-torn regions.
- **International trade and economic integration.**
- **A decentralized and fair financial system**, free from political manipulation.
- **A long-term asset** with high potential as global adoption increases.

### How Your Investment Helps End the War

RAC operates with a **clear mission** to fund:

- **Diplomatic peace negotiations** and ceasefire agreements.
- **Humanitarian aid**, including food, shelter, and medical assistance.
- **Reconstruction projects**, such as schools, hospitals, and essential services.
- **Economic recovery programs**, supporting businesses affected by war and sanctions

## 6. Roadmap

- **PHASE 1: Launch & Community Building** – Smart contract deployment & security audit, website launch & social media setup, 1,000+ holders milestone, initial marketing push with partnerships & influencers.
- **PHASE 2: Growth & Expansion** – CoinGecko & CoinMarketCap listing, first exchange listing (CEX & DEX), viral marketing campaigns & giveaways, partnerships with crypto influencers & organizations.
- **PHASE 3: Utility & Ecosystem Development** – Staking system for holders, NFT collection launch, merch store accepting RAC, additional CEX listings & financial partnerships.
- **PHASE 4: Global Integration & Adoption** – Large-scale marketing campaigns, international expansion & government collaborations, real-world utility integration, RAC becomes a recognized financial instrument.

## 7. Frequently Asked Questions (FAQ)

### 7.1 What blockchain is RAC on?

RAC is deployed on **Solana blockchain** for **secure and low-cost transactions**.

### 7.2 How do I buy RAC?

**RAC is available on Raydium** (<https://raydium.io/>) **by swapping SOL (Solana)** for RAC tokens. A detailed guide is available on our website and Telegram.

### 7.3 Is the liquidity locked?

Yes! RAC liquidity is **100% locked** to ensure long-term security and stability.

### 7.4 Does the project have real-world use cases?

Yes. RAC funds **humanitarian projects, economic recovery programs, and international trade**, making it more than just a cryptocurrency.

### 7.5 Where can I track my holdings?

You can check your balance on your **Solana based wallet** and track the price on **CoinMarketCap, CoinGecko or Poocoin** once listed.

## 8. Why is RAC a good investment?

- **Decentralized and Transparent:** Built on blockchain technology for secure, cheap and fast transactions.
- **Real-World Impact:** Funds economic recovery programs, it is a movement towards financial stability and peace.
- **Long-Term Growth:** As adoption increases, RAC's value will rise.

## 9. Conclusion

The **Russia-America Coin (RAC)** is more than a cryptocurrency—it is a **symbol of economic resilience, peace, and cooperation**. Through blockchain technology, RAC enables a **transparent, decentralized, and global financial ecosystem**. By investing in RAC, you become part of a **global movement** dedicated to creating a stable, prosperous, and peaceful future.
